

SURVEY

EHRA Surveying has more than 70 years of surveying experience throughout Texas and abroad. Our Surveying and Mapping Department is equipped to handle a variety of projects; Boundary and Land Title, Topographic, Cross Section, Right-of-Way Alignment, Acquisition, Utility and Improvement Surveys as well as Construction Staking. We utilize the latest advancements in GIS/GPS equipment, computer hardware and software technologies and have the equipment, vehicles and personnel to provide multiple crews to meet any job requirements and schedules.
